This home is located in the prestigious Riverwood Plantation. There are many amenities offered in this desirable community including a community center with pool. The highly recognized and sought after Greenbrier elementary, middle, and high school are within walking distance.

The house is constructed by the reputable Ivey Home Builders. It is situated on a beautiful, quiet, and tree lined street. Hardwood floors cover the first story and have been completely refinished. The house is spacious and flows nicely with 12 foot ceilings and beautiful natural light. We have recently replaced all lighting with elegant modern fixtures. The kitchen is beautiful with stainless appliances and warm maple cabinets. A built in desk and butler's pantry make this area multi functional.

The master suite is located on the first floor and is large and open with an upgraded walk in master closet including two banks of drawers and lots of space. Stairs lead to a family area and three large bedrooms. The third bedroom has steps that lead to a little suite including a full bath, perfect for a teen or used as a mother in law suite, or guest room.

A screened in porch leads to a beautifully landscaped back yard that is completely fenced in providing a safe haven for children or pets.

This house is lovely freshly painted, and turn-key ready for the right family.
